I'm supposed to tell her that she is not the cause of the drug lab transfer to EOPS.

Linda,

Is this a wellness call that you would be calling just to see how she is doing?  
I just wanted to double check as you know the Union hasn't been able to reach her yet.  
thanks  
Marianne

MOSES has called Ms. Dookhan several times. As of 5:30 last night MOSES had not heard back from Ms. Dookhan. I checked with HR and the Lab to see if we had another phone number for her and all we have is her cell phone number which is the number MOSES has been using. I called Michelle Gates this morning and left her a message to let me know if she had heard back and Ms. Gates has not called back. I just received an e-mail from Linda that the Governor's Office wants her to call Ms. Dookhan. I am holding off mailing the show cause notice at least until Monday in the hope that Ms. Gates and Ms. Dookhan will be talking but I am also commencing prep sessions for the show cause hearing Monday with Linda and Julie.

I discussed settlement with Michele Gates, the MOSES attorney. She will be in touch with Ms. Dookhan. I have another show cause hearing with Michele Gates this afternoon so I might hear something today.
